

# THE BTB BROADHEAD

## The Prez Sez (A few words from the appointed anointed.)

Greetings Bowhunters,

We are winding down a dry and windy winter along the Colorado Front Range with hopes of some late winter or early spring precipitation of some sort to get the vegetation and grasses growing for our wild animals.

Speaking of wild animals, the 2009 Colorado Big Game brochures are out for your reading pleasure. I'm sure everybody will be studying and calculating as to what to put in for. Remember, the deadline is April 7<sup>th</sup>.

Our February 3-D shoot was on the 21<sup>st</sup> with a very good turnout of shooters. It was a nice day and it was good to see the number of youth who attended. Remember, the next shoot is **NOT** on the typical 3<sup>rd</sup> Saturday of the month but on Saturday March 28<sup>th</sup>.

A couple of upcoming events to keep in mind: May 2nd is Range Day Cleanup. This is when we rebuild bales for our targets, repair, paint, spread gravel and any number of activities to maintain and improve our archery range. Any and all help would be appreciated. We will start around 8:00 a.m. and finish up approximately mid afternoon. Lunch will be provided. Next, May 9<sup>th</sup> the DOW Youth Outdoors Skills Day is going to take place. In the past this has been a well attended, so again any help would be appreciated. Contact myself or Dennis Hansen if you have any questions.

Your fellow bowhunter,  
Mike Fiscus

## From the Secretary's Desk

Thanks to all of you, we're well on our way to achieving 100 % distribution of our newsletter by e-mail. This considerably reduces drop off and pick up time, the cost of CDs, printing fees and postage. If you haven't already forwarded your e-mail address to me, please do so at your earliest convenience. Thanks.

## Downrange (The BTB Calendar)

Our remaining 3D Shoots are scheduled for the following Saturdays beginning at **10 AM:**
